How we can help

No one likes to think he or she needs life insurance. But when people depend on you, assuring their financial futures with life insurance benefits is simply the right thing to do.

- **Premiums are guaranteed** – You will know how much your coverage will cost from month to month and year to year.
- **Portable** – You can take the plan with you if you change jobs or retire.
- **Payroll deduction** – Your premiums can be deducted from your paycheck.

Why choose Whole Life insurance?

- **Available cash** – You can borrow from the policy’s cash value to help pay medical expenses, college tuition, or any other bills you may have.
- **Increase in the cash values** – Any increase in the cash value of a life policy is not subject to income tax while the cash remains in the policy.
- **Guaranteed coverage** – Coverage continues for as long as you pay your premiums.

How it works

The above example is based on a scenario for whole life insurance that includes the following benefit conditions:

- $50,000 death benefit
- $50,000 accidental death benefit
- $12,500 seatbelt benefit

The insured passes away due to injuries from a car accident while wearing a seatbelt.

The beneficiary receives $112,500.

The policy and riders have limitations and exclusions that may affect benefits payable. For costs and complete details of the coverage, contact your Aflac insurance agent/producer.
