Getting the best out of life: It's something that everyone strives for. And the assurance of knowing you're safe and sound plays a large part in being able to enjoy it to the fullest. With heart attacks affecting more than 900,000 people each year and strokes affecting about 795,000 people each year,¹ Aflac's Lump Sum Critical Illness insurance policy can help with the treatment costs of these illnesses and health events.

More importantly, the policy helps you focus on recuperation instead of the distraction and stress over the costs of medical and personal bills. With Aflac's Lump Sum Critical Illness plan, you receive cash benefits directly—giving you the flexibility to help pay bills related to treatment or to help with everyday living expenses, such as car payments, the mortgage or rent, groceries, or utility bills—the choice is yours.

No one wants to think that a serious illness could occur, but shouldn't you consider how you and your family would manage if you were unable to work due to an illness? An Aflac Lump Sum Critical Illness policy could make a difference to your well-being, your family, and your future.

THIS IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THIS POLICY AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAW AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.

**If you are eligible for Medicare, review the
"Guide to Health Insurance for People With Medicare" furnished by Aflac.**

1. Read Your Policy Carefully: This Outline of Coverage provides a very brief description of some of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

2. Lump Sum Critical Illness Insurance Coverage is designed to supplement your existing accident and sickness coverage only when certain Losses occur as a result of Critical Illness. Critical Illnesses are: Heart Attack due to coronary artery disease or acute coronary syndrome; ischemic Stroke due to advanced arteriosclerosis or arteriosclerosis of the arteries of the neck or brain; hemorrhagic Stroke due to uncontrolled high blood pressure, malignant hypertension, brain aneurysm, or arteriovenous malformation; End-Stage Renal Failure due to kidney disease; Coma due to a covered Injury; or Paralysis due to a covered Injury. Coverage is provided for the benefits outlined in Part (3). The benefits described in Part (3) may be limited by Part (5).

3. Benefits: Subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, we will pay the following benefits for a covered Critical Illness that occurs while coverage is in force.

IMPORTANT: BENEFITS ARE PAID FOR A COVERED SPOUSE AND DEPENDENT CHILDREN AT 50% OF THE PRIMARY INSURED'S BENEFIT AMOUNT. ALL BENEFITS REDUCE BY ONE-HALF FOR LOSSES INCURRED ON OR AFTER THE 75TH BIRTHDAY OF A COVERED PERSON.

For any benefit to be payable, the Onset Date of the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Loss per Covered Person occurs on the same day, only the highest eligible benefit will be paid. Aflac will not accept an assignment of these benefits. All benefits will be payable to you. Any accrued benefits unpaid at your death will be paid to your estate.

If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child, you must notify Aflac within 31 days of the birth of your child, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Dependent children are your natural children, stepchildren, grandchildren, or legally adopted children who are under age 26. 2. Hemorrhagic: due to uncontrolled high blood pressure, malignant hypertension, brain aneurysm, or arteriovenous malformation.

SUDDEN CARDIAC ARREST: sudden, unexpected loss of heart function in which the heart abruptly and without warning stops working as a result of an internal electrical system malfunction of the heart. Any death where the sole cause of death shown on the death certificate is cardiovascular collapse, sudden cardiac arrest, cardiac arrest, or sudden cardiac death shall be deemed to be sudden cardiac arrest for purposes of the policy. Sudden cardiac arrest is not a heart attack.
