

# AFLAC GROUP DENTAL INSURANCE

## A dental plan that gives you something to smile about.

A smile is a beautiful thing. It means warmth and friendship in almost every culture and language around the world. And it says great things about people, too. That's just one reason why taking care of your teeth is so important.

In addition to giving your employees a shiny-white smile, regular dental exams help stave off cavities, fight gum disease, and help avoid other health issues. In fact, the American Heart Association published a statement in April 2012 supporting an association between gum disease and heart disease. So, you can see why good oral hygiene can play a part in overall health down the road.

## Group dental insurance from Aflac was developed with you and your employees in mind.

For almost 60 years, Aflac has been dedicated to helping provide individuals and families a financial cushion when they've needed it most. Group dental insurance is just another innovative way to help make sure your employees are well protected under our wing.
