Be prepared for life's unexpected mishaps

Accidents can happen at any time. You could suffer an accidental injury while you are working around the house or walking into work. Or your child may get injured at basketball practice. When an accident happens, it can be costly. Even with major medical insurance, there may be out-of-pocket expenses that you'll have to pay.

In the event of an unexpected injury, Aflac can help protect your personal finances. We provide individuals and families affordable insurance that helps with expenses that may not be covered by major medical insurance. Aflac pays cash benefits directly to you (unless otherwise assigned), so you can use the cash for anything you want. Which means uncovered medical expenses won't break the bank if you are injured.

And since we can process your claim quickly, Aflac helps give you the peace of mind knowing you can spend more time recovering and less time worrying about bills.

Understand the difference Aflac can make in your financial security.

Aflac pays cash benefits for covered accidental injuries directly to you, unless assigned. Your own peace of mind and the assurance that your family will have help financially are powerful reasons to consider Aflac.

The financial impact of an accident is often surprising. Most people have expenses after an accident they never thought of before. From out-of-pocket medical costs to a temporary loss of income, your finances may be strained. If you or a family member suffered an accidental injury, could your finances handle it?

OUTLINE OF COVERAGE

This IS NOT A MEDICARE SUPPLEMENT policy. If you are eligible for Medicare, review the *Guide to Health Insurance for People With Medicare* available from Aflac.

- (1) **Read Your Policy Carefully.** This outline of coverage provides a very brief description of the important features of the coverage. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY!
- (2) Accident-Only coverage is designed to provide, to persons insured, coverage for certain losses resulting from a covered accident ONLY, subject to any limitations contained in the policy. **Coverage is not provided for basic hospital, basic medical-surgical, or major medical expenses.**
