We've been dedicated to helping provide peace of mind and financial security for more than 60 years.

Be prepared for life's unexpected mishaps

Accidents can happen at any time. You could suffer an accidental injury while you are working around the house or walking into work. Or your child may get injured at basketball practice. When an accident happens, it can be costly. Even with major medical insurance, there may be out-of-pocket expenses that you'll have to pay.

In the event of an unexpected injury, Aflac can help protect your personal finances. We provide individuals and families affordable insurance that helps with expenses that may not be covered by major medical insurance. Aflac pays cash benefits directly to you (unless otherwise assigned), so you can use the cash for anything you want. Which means uncovered medical expenses won't break the bank if you are injured.

And since we can process your claim quickly, Aflac helps give you the peace of mind knowing you can spend more time recovering and less time worrying about bills.

Understand the difference Aflac can make in your financial security.

Aflac pays cash benefits for covered accidental injuries directly to you, unless assigned. Your own peace of mind and the assurance that your family will have help financially are powerful reasons to consider Aflac.

The financial impact of an accident is often surprising. Most people have expenses after an accident they never thought of before. From out-of-pocket medical costs to a temporary loss of income, your finances may be strained. If you or a family member suffered an accidental injury, could your finances handle it?

Employed: If you, due to Injuries sustained in an accident that is covered, are completely unable to do all of the usual and customary duties of your occupation or any occupation whatsoever, for more than 180 consecutive days while the policy is in force, we will waive, from month to month, any premiums that fall due during your continued inability. For premiums to be waived, we will require an employer’s statement and a Physician’s statement certifying your inability to perform said duties, and may each month thereafter require a Physician’s statement that total inability continues.

Not Employed: If you, due to Injuries sustained in an accident that is covered, are completely unable to perform the duties of any occupation for which you are or become qualified by reason of education or training for more than 180 consecutive days while the policy is in force, we will waive, from month to month, any premiums that fall due during your continued inability. For premiums to be waived, we will require a Physician’s statement certifying your inability to perform said activities, and may each month thereafter require a Physician’s statement that total inability continues.

This Waiver of Premium Benefit is limited to a total maximum of 24 months per eligibility of the Waiver of Premium Benefit regardless of whether you are employed or not employed.

If you die and your Spouse becomes the new Named Insured, premiums will start again and be due on the first premium due date after the change. The new Named Insured will then be eligible for this benefit if the need arises.

While this benefit is being paid, we may ask for and use an independent consultant to determine your total inability.

You must pay all premiums to keep the policy and any applicable rider(s) in force until we approve your claim for this Waiver of Premium Benefit. You must also resume premium payment to keep the policy and any applicable rider(s) in force, beginning with the first premium due after you no longer qualify for Waiver of Premium Benefits.

TRANSPORTATION BENEFIT: We will pay \$400 per round trip to a Hospital when a Covered Person is confined in a Hospital for medical treatment due to an Injury sustained in an accident that is covered.

We will also pay \$400 per round trip when a covered Dependent Child is confined in a Hospital for medical treatment due to an Injury sustained in an accident that is covered, if commercial travel (plane, train, or bus) is necessary and such Dependent Child is accompanied by any Immediate Family member. This benefit will be paid only for the covered person for whom the special treatment is prescribed.
