More importantly, the policy helps you focus on recuperation instead of the distraction and stress over the costs of medical and personal bills. The policy described in this Outline of Coverage provides supplemental coverage
and will be issued only to supplement insurance already in force.

LIMITED BENEFIT, LUMP SUM CRITICAL ILLNESS INSURANCE
Outline of Coverage for Policy Form Series A73100

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.

If you are eligible for Medicare, review the “Guide to Health Insurance for People With Medicare” furnished by Aflac.

(1) Read Your Policy Carefully: This Outline of Coverage provides a very brief description of some of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) Lump Sum Critical Illness Insurance Coverage is designed to supplement your existing accident and sickness coverage only when certain Losses occur as a result of Critical Illness Events. Critical Illness Events are: Heart Attack, Stroke, Major Human Organ Transplant, End-Stage Renal Failure, Paralysis, or Coma. Coverage is provided for the benefits outlined in Part (3). The benefits described in Part (3) may be limited by Part (5).

(3) Benefits: Subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, we will pay the following benefits for a covered Critical Illness Event that occurs while coverage is in force.

IMPORTANT: BENEFITS ARE PAID FOR A COVERED SPOUSE AND DEPENDENT CHILDREN AT 50% OF THE PRIMARY INSURED’S BENEFIT AMOUNT. ALL BENEFITS REDUCE BY ONE-HALF FOR LOSSES INCURRED ON OR AFTER THE 75TH BIRTHDAY OF A COVERED PERSON.

Aflac will pay the following benefits, as applicable, while the coverage is in force, subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, unless indicated otherwise.

For any benefit to be payable, the Onset Date of the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Loss per Covered Person occurs on the same day, only the highest eligible benefit will be paid. Aflac will not accept an assignment of these benefits. All benefits will be payable to you. Any accrued benefits unpaid at your death will be paid to your estate.

A. MAJOR CRITICAL ILLNESS EVENT BENEFIT: Aflac will pay the amount shown in the Policy Schedule upon a Covered Person’s Onset Date of any of the following Critical Illness Events:

1. Heart Attack
2. Stroke
3. End-Stage Renal Failure
4. Coma
5. Paralysis
6. Major Human Organ Transplant

This benefit is payable once per Covered Person, per lifetime.

B. SUBSEQUENT CRITICAL ILLNESS EVENT BENEFIT: After a Covered Person has previously qualified for benefits under Benefit A above, Aflac will pay the amount shown in the Policy Schedule upon that Covered Person’s Onset Date of:

1. a **recurrence** of that **same** Critical Illness Event, or
2. an occurrence of a **different** Critical Illness Event.

For this benefit to be payable, the Onset Date of the Critical Illness Event must be 180 days or more from the Onset Date of any previously paid Critical Illness Event for such Covered Person. This benefit is not payable on the same day as the Major Critical Illness Event Benefit. No lifetime maximum.

C. CORONARY ARTERY BYPASS GRAFT SURGERY BENEFIT: Aflac will pay the amount shown in the Policy Schedule when a Covered Person undergoes Coronary Artery Bypass Graft Surgery. This benefit is payable once per Covered Person, per lifetime.

D. SUDDEN CARDIAC ARREST BENEFIT: Aflac will pay the amount shown in the Policy Schedule upon a Covered Person’s Onset Date of Sudden Cardiac Arrest. This benefit is payable once per Covered Person, per lifetime.

While the coverage is in force, we will pay the following benefits, as applicable, subject to the Limitations and Exclusions and all other policy provisions, except the Pre-existing Condition Limitations, unless modified herein.

Aflac will not accept an assignment of these benefits. All benefits will be payable to you. Any accrued benefits unpaid at your death will be paid to your estate.

- B. CARCINOMA IN SITU BENEFIT:** Aflac will pay the amount shown in the Policy Schedule upon a Covered Person's Onset Date of Carcinoma In Situ. This benefit is payable once per Covered Person, per lifetime.

Exceptions, Reductions, and Limitations of Rider Series A73050:

Benefits payable under the rider will be reduced by one-half for Losses that begin on or after the 75th birthday of a Covered Person.

- A.** Benefits are not provided for premalignant conditions or conditions with malignant potential (unless specifically covered); complications of cancer; or any other disease, sickness, or incapacity.
- B.** The rider contains a 30-day waiting period. If a Covered Person has a Loss before his or her coverage under the rider has been in force 30 days, benefits will not be payable for that Loss. At your option, you may elect to void the coverage under the rider and receive a full refund of premium for such coverage under the rider.
- C.** Aflac will not pay benefits whenever coverage provided by the rider is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.
- D.** For benefits to be payable, the Onset Date must occur after the 30-day waiting period and while coverage is in force.
- E.** Aflac will not pay benefits for Skin Cancer.
- F.** For the Internal Cancer Benefit to be payable for a recurrence, direct extension, or metastatic spread of any Internal Cancer that was diagnosed prior to the Effective Date of coverage or during the 30-day waiting period, the Covered Person must be free from Treatment for that

Internal Cancer for a consecutive 12-month period before the Onset Date of the recurrence, direct extension, or metastatic spread.

"Treatment" means consultation, care, or services provided by a Physician, or taking prescribed medications or drugs, for Internal Cancer. Treatment does not include Maintenance Drug Therapy or routine follow-up visits to verify whether Internal Cancer or Carcinoma In Situ has returned.

RETURN OF PREMIUM BENEFIT RIDER: (SERIES A73051)

Applied for ☐ Yes ☐ No

Aflac will pay you a cash value based upon the annualized premium paid for the rider, the policy, and any other attached benefit riders (**premium paid for the policy and other attached benefit riders will be calculated at the original premium in effect on the rider Effective Date and will not include premium increases that may occur for the policy or other such riders**). All Return of Premium Benefits/cash values paid will be less any claims paid. If you surrender the rider for its cash value after the Onset Date of a Loss but before claims are submitted, we will reduce subsequent claim payment(s) by the amount of the cash value paid. Both the policy and the rider must remain in force for 20 consecutive years for you to obtain a maximum refund of premiums paid. If the rider is added to the policy after the policy has been issued, only the premium paid for the policy after the Effective Date of the rider will be returned. When the rider is issued after the Effective Date of the policy, the 20-year period begins for both the policy and the rider on the rider Effective Date.

The cash value for premium paid for the policy and the rider begins on the fifth rider anniversary date.

Your cash value is based upon annualized premium of \$_____. If you surrender the rider after its fifth anniversary and such surrender occurs between rider anniversaries, a prorated amount for the partial year will be paid. The proration will be calculated by taking the cash value difference between the last and next anniversary dates, dividing by 12, and multiplying by the number of months that premiums were earned in the partial year at the time of surrender. This proration will then be added to the cash value on the last rider anniversary date, and this will be the cash value paid.

IMPORTANT! READ CAREFULLY: The rider will terminate on the earlier of: (1) its 20th anniversary date and payment of the cash value; (2) your surrender of it for its cash value between the fifth and 20th anniversary dates; (3) your death prior to its 20th anniversary date, in which case the cash value (if any) will be paid to your estate; (4) your failure to pay the premium for the rider, in which case any cash values due will be paid; (5) the policy's termination, in which case any cash values due will be paid; or (6) the time that claims paid equal or exceed the cash value that would be paid on the 20th policy anniversary.

When the rider terminates (is no longer in force), no further premium will be charged for it.

(5) Exceptions, Reductions, and Limitations of the Policy (not a daily hospital expense plan):

Benefits payable under the policy will be reduced by one-half for Losses that begin on or after the 75th birthday of a Covered Person.

- A. Aflac will not pay benefits for any Loss that is caused by a Pre-existing Condition, unless it begins more than 12 months after the Effective Date of coverage. Benefits are payable for only one covered Loss at a time per Covered Person.
- B. Aflac will not pay benefits for any Loss that is diagnosed or treated outside the territorial limits of the United States, its possessions, or the countries of Canada and Mexico.
- C. Aflac will not pay benefits whenever coverage provided by the policy is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.
- D. For any benefit to be payable, the Onset Date of the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Loss per Covered Person occurs on the same day, only the highest eligible benefit will be paid.
- E. Aflac will not pay benefits whenever fraud is committed in making a claim under the coverage or any prior claim under any other Aflac coverage for which you received benefits that were not lawfully due and that fraudulently induced payment.
- F. **The policy does not cover Loss caused by or resulting from:**
 - 1. Using any drug, narcotic, hallucinogen, or chemical substance (unless administered by a Physician and taken according to the Physician's instructions), or voluntarily taking any kind of poison or inhaling any kind of gas or fumes;

- 2. Participating in, or attempting to participate in, an illegal activity that is defined as a felony, whether charged or not ("felony" is as defined by the law of the jurisdiction in which the activity takes place), or being incarcerated in any detention facility or penal institution;
- 3. Suicide (while sane or insane), attempted suicide or intentionally self-inflicted injury;
- 4. Being exposed to war or any act of war, declared or undeclared; or
- 5. Actively serving in any of the armed forces or units auxiliary thereto, including the National Guard or Reserve.

PRE-EXISTING CONDITION LIMITATIONS

A "Pre-existing Condition" is an illness, disease, infection, disorder, or injury for which, within the 12-month period before the Effective Date of coverage, prescription medication was taken or medical testing, medical advice, consultation, or treatment was recommended or received, or for which symptoms existed that would ordinarily cause a prudent person to seek diagnosis, care, or treatment. Benefits for a Loss that is caused by a Pre-existing Condition will not be covered unless the Onset Date is more than 12 months after the Effective Date of coverage.

- (6) Renewability:** The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, with benefits reduced beginning at age 75, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud or have made an intentional misrepresentation of material fact relating in any way to the policy, including claims for benefits under the policy. Premium rates may change only if changed on all policies of the same form number and class in force in your state. **Benefits under the policy reduce by one-half for Losses incurred on or after the 75th birthday of a Covered Person.**

CONSULT THE POLICY ITSELF TO DETERMINE GOVERNING CONTRACTUAL PROVISIONS.**

TERMS YOU NEED TO KNOW

COMA: a continuous state of profound unconsciousness diagnosed or treated on or after the effective date of coverage, lasting for a period of seven or more consecutive days and characterized by the absence of: (1) spontaneous eye movements, (2) response to painful stimuli, and (3) vocalization. The condition must require intubation for respiratory assistance. Coma does not include any medically induced coma.

CORONARY ARTERY BYPASS GRAFT SURGERY: open-heart surgery to correct narrowing or blockage of one or more coronary arteries with bypass grafts, but excluding procedures such as but not limited to coronary angioplasty, valve replacement surgery, stent placement, laser relief, or other surgical or nonsurgical procedures.

Spouse is defined as the person to whom you are legally married and who is listed on your application. This includes a civil union relationship. Newborn children are automatically insured from the moment of birth. If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 31 days of the birth of your child, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren, or legally adopted children who are under age 26. A dependent child (including persons incapable of self-sustaining employment by reason of mental retardation or physical handicap) must be under age 26 at the time of application to be eligible for coverage.

CRITICAL ILLNESS EVENT: heart attack, stroke, major human organ transplant, end-stage renal failure, paralysis, or coma.

HEART ATTACK: a myocardial infarction. The attack must be positively diagnosed by a physician and must be evidenced by electrocardiographic findings or clinical findings together with blood enzyme findings. Heart attack shall not be construed to mean congestive heart failure, atherosclerotic heart disease, angina, coronary artery disease, cardiac arrest, or any other dysfunction of the cardiovascular system. Sudden cardiac arrest is not a heart attack.

LOSS: a critical illness event, coronary artery bypass graft surgery, or sudden cardiac arrest.

MAJOR HUMAN ORGAN TRANSPLANT: a surgery that was first recommended by a member of the medical profession after the effective date of coverage in which a covered person receives, as a result of a surgical transplant, one or more of the following human organs: heart, kidney, liver, lung, or pancreas. PARALYSIS: complete and total loss of use of two or more limbs (paraplegia, quadriplegia, or hemiplegia) for a continuous period of at least 30 days as the result of a covered spinal cord injury. The paralysis must be confirmed by your attending physician.

PHYSICIAN: a person legally qualified to practice medicine, other than you or a member of your immediate family, who is licensed as a physician by the state where treatment is received to treat the type of condition for which a claim is made.

STROKE: apoplexy due to rupture or acute occlusion of a cerebral artery. The apoplexy must cause complete or partial loss of function involving the motion or sensation of a part of the body and must last more than 24 hours. The stroke must be positively diagnosed by a physician based upon documented neurological deficits and confirmatory neuroimaging studies. Stroke does not mean head injury, transient ischemic attack (TIA), cerebrovascular insufficiency, or lacunar infarction (LACI).

SUDDEN CARDIAC ARREST: sudden, unexpected loss of heart function in which the heart abruptly and without warning stops working as a result of an internal electrical system malfunction of the heart. Any death where the sole cause of death shown on the death certificate is cardiovascular collapse, sudden cardiac arrest, cardiac arrest, or sudden cardiac death shall be deemed to be sudden cardiac arrest for purposes of the policy. Sudden cardiac arrest is not a heart attack.
