AFLAC CRITICAL CARE PROTECTION

SPECIFIED HEALTH EVENT INSURANCE – OPTION 1

Policy A74100OK

CCP[1]

Critical care for you. Added financial protection for your family.

Serious health events are often unexpected — and when they happen, everyday expenses may suddenly seem overwhelming. Aflac Critical Care Protection insurance helps provide financial protection should you experience a serious health event, such as a heart attack or stroke. You will receive a lump sum benefit upon diagnosis of a covered event with additional benefits to be paid for things such as a hospital confinement, ambulance, transportation, lodging, and therapy.

Health care costs continue to rise, and major medical insurance was not designed to cover everything. From out-of-pocket medical costs to the inability to work while in recovery, your finances may be strained. Aflac can help cover those costs. Best of all, you get paid directly (unless otherwise assigned) — not the doctor or hospital.

Aflac herein means American Family Life Assurance Company of Columbus.

Understand the difference Aflac can make in your financial security.

Aflac pays cash benefits directly to you, unless otherwise assigned. Aflac Critical Care Protection is designed to provide you with cash benefits if you experience a specified health event, such as sudden cardiac arrest or stroke. This means that you can focus on recovery and not be so concerned about finances.

Specified health events covered by the Critical Care Protection policy include:

- Heart Attack
- Stroke
- Coronary Artery Bypass Graft Surgery (CABG)
- Sudden Cardiac Arrest
- Third-Degree Burns
- Coma
- Paralysis
- Major Human Organ Transplant
- End-Stage Renal Failure
- Persistent Vegetative State

Benefits and/or premiums may vary based on state and option level selected. The policy has limitations, exclusions and pre-existing conditions limitations that may affect benefits payable. Riders are available for an additional cost. For costs and complete details of the coverage, contact your Aflac insurance agent/producer. This brochure is for illustrative purposes only. The policy described in this Outline of Coverage provides supplemental coverage and will be issued only to supplement insurance already in force.

SPECIFIED HEALTH EVENT INSURANCE
Supplemental Health Insurance Coverage
Outline of Coverage for Policy Form Series A74100

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.
If you are eligible for Medicare, review the "Guide to Health Insurance for People with Medicare" furnished by Aflac.

(1) Read Your Policy Carefully: This Outline of Coverage provides a very brief description of some of the important features of your policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) Specified Health Event Insurance Coverage is designed to supplement your existing accident and sickness coverage only when certain losses occur as a result of Specified Health Events or other conditions as specified. Specified Health Events are: Heart Attack, Stroke, End-Stage Renal Failure, Major Human Organ Transplant, Third-Degree Burns, Persistent Vegetative State, Coma, Paralysis, Coronary Artery Bypass Graft Surgery (CABG), or Sudden Cardiac Arrest. Coverage is provided for the benefits outlined in **(3) Benefits.** The benefits described in **(3) Benefits** may be limited by **(5) Exceptions, Reductions, and Limitations of the Policy.**

(3) Benefits: While coverage is in force, Aflac will pay the following benefits, as applicable, subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions. The term "Hospital Confinement" does not include emergency rooms. Treatment or confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

A. FIRST-OCCURRENCE BENEFIT: Aflac will pay the following benefit amount for each Covered Person when he or she is first diagnosed as having had a Specified Health Event:

Named Insured/Spouse
$10,000 (Lifetime maximum $10,000 per Covered Person)
Dependent Children
$12,500 (Lifetime maximum $12,500 per Covered Person)

This benefit is payable only once per Covered Person, per lifetime.

B. SUBSEQUENT SPECIFIED HEALTH EVENT BENEFIT: If benefits have been paid to a Covered Person under the First-Occurrence Benefit above, Aflac will pay $5,000 if such Covered Person is later diagnosed as having had a subsequent Specified Health Event.

For the Subsequent Specified Health Event Benefit to be payable, the subsequent Specified Health Event must occur 180 days or more after the occurrence of any previously paid Specified Health Event for such Covered Person. No lifetime maximum.

C. CORONARY ANGIOPLASTY BENEFIT: Aflac will pay $1,000 when a Covered Person has a Coronary Angioplasty, with or without stents.

This benefit is payable only once per Covered Person, per lifetime.

D. HOSPITAL CONFINEMENT BENEFIT (includes confinement in a U.S. government Hospital): When a Covered Person requires Hospital Confinement for the treatment of a covered Loss, Aflac will pay $300 per day for each day a Covered Person is charged as an inpatient. **This benefit is limited to confinements for the treatment of a covered Loss that occur within 500 days following the occurrence of the most recent covered Loss. No lifetime maximum.**

Hospital Confinement Benefits are payable for only one covered Loss at a time per Covered Person. Confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

This benefit is not payable on the same day as the Continuing Care Benefit. The highest eligible benefit will be paid.

E. AMBULANCE BENEFIT: If, due to a covered Loss, a Covered Person requires ground ambulance transportation to or from a Hospital, Aflac will pay $250. If air ambulance transportation is required due to a covered Loss, we will pay $2,000. A licensed professional ambulance company must provide the ambulance

service. This benefit will not be paid for more than two times per occurrence of a Loss.

This benefit is not payable beyond the 180th day following the occurrence of a covered Loss. No lifetime maximum.

The Continuing Care, Transportation, and Lodging Benefits will be paid for care received within 180 days following the occurrence of a covered Loss. Benefits are payable for only one covered Loss at a time per Covered Person. If a Covered Person is eligible to receive benefits for more than one covered Loss, we will pay benefits only for care received within the 180 days following the occurrence of the most recent covered Loss.

F. CONTINUING CARE BENEFIT: If, as the result of a covered Loss, a Covered Person receives any of the following treatments from a licensed Physician, Aflac will pay $125 each day a Covered Person is charged:

1. rehabilitation therapy
2. physical therapy
3. speech therapy
4. occupational therapy
5. respiratory therapy
6. dietary therapy/consultation
7. home health care
8. dialysis
9. hospice care
10. extended care
11. Physician visits
12. nursing home care

Treatment is limited to 75 days for continuing care received within 180 days following the occurrence of the most recent covered Loss. Daily maximum for this benefit is $125 regardless of the number of treatments received.

This benefit is not payable on the same day as the Hospital Confinement Benefit. The highest eligible benefit will be paid. No lifetime maximum.

G. TRANSPORTATION BENEFIT: If a Covered Person requires special medical treatment that has been prescribed by the local attending Physician for a covered Loss, Aflac will pay 50 cents per mile for noncommercial travel or the costs incurred for commercial travel (coach class plane, train, or bus fare) for transportation of a Covered Person for the round-trip distance between the Hospital or medical facility and the residence of the Covered Person. This benefit is not payable for transportation by ambulance or air ambulance to the Hospital. Reimbursement will be made only for the method of transportation actually taken. This benefit will be paid only for the Covered Person for whom the special treatment is prescribed. If the special treatment is for a Dependent Child and commercial travel is necessary, we will pay this benefit for up to two adults to accompany the Dependent Child. The benefit amount payable is limited to $1,500 per occurrence of a covered Loss.

Transportation Benefits are not payable beyond the 180th day following the occurrence of a covered Loss. THIS BENEFIT IS NOT PAYABLE FOR TRANSPORTATION TO ANY HOSPITAL LOCATED WITHIN A 50-MILE RADIUS OF THE RESIDENCE OF THE COVERED PERSON. No lifetime maximum.

H. LODGING BENEFIT: Aflac will pay the charges incurred up to $75 per day for lodging, in a room in a motel, hotel, or other commercial accommodation, for you or any one adult family member when a Covered Person receives special medical treatment for a covered Loss at a Hospital or medical facility. The Hospital, medical facility, and lodging must be more than 50 miles from the Covered Person's residence. This benefit is not payable for lodging occurring more than 24 hours prior to treatment or for lodging occurring more than 24 hours following treatment. This benefit is limited to 15 days per occurrence of a covered Loss.

This benefit is not payable beyond the 180th day following the occurrence of a covered Loss. No lifetime maximum.

I. WAIVER OF PREMIUM BENEFIT:

Employed: If you, due to a covered Specified Health Event, are completely unable to do all of the usual and customary duties of your occupation for a period of 180 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require an employer's statement and a Physician's statement of your inability to perform said duties, and may each month thereafter require a Physician's statement that total inability continues.

Not Employed: If you, due to a covered Specified Health Event, are completely unable to perform three or more of the Activities of Daily Living (ADLs) without Direct Personal Assistance for a period of 180 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require a Physician's statement of your inability to perform said activities, and may each month thereafter require a Physician's statement that total inability continues.

If you die and your Spouse becomes the new Named Insured, premiums will start again and be due on the first premium due date after the change. The new Named Insured will then be eligible for this benefit if the need arises.

While this benefit is being paid, Aflac may ask for and use an independent consultant to determine whether you can perform an ADL.

J. CONTINUATION OF COVERAGE BENEFIT: Aflac will waive all monthly premiums due for the policy and riders,

if any, for up to two months if you meet all of the following conditions:

1. Your policy has been in force for at least six months;
2. We have received premiums for at least six consecutive months;
3. Your premiums have been paid through payroll deduction, and you leave your employer for any reason;
4. You or your employer has notified us in writing within 30 days of the date your premium payments ceased due to your leaving employment; and
5. You re-establish premium payments through:
   a. your new employer's payroll deduction process, or
   b. direct payment to Aflac.

You will again become eligible to receive this benefit after:

1. You re-establish your premium payments through payroll deduction for a period of at least six months, and
2. We receive premiums for at least six consecutive months.

"Payroll deduction" means your premium is remitted to Aflac for you by your employer through a payroll deduction process or any other method agreed to by Aflac and the employer.

(4) Optional Benefits:

FIRST-OCCURRENCE BUILDING BENEFIT RIDER: (Series A74050) Applied for ❑ Yes ❑ No

The First-Occurrence Benefit, as defined in the policy, will be increased by $500 on each rider anniversary date while the rider remains in force. (The amount of the monthly increase will be determined on a pro rata basis.) This benefit will be paid under the same terms as the First-Occurrence Benefit. This benefit will cease to build for each Covered Person on the anniversary date of the rider following the Covered Person's 65th birthday or at the time of a Specified Health Event, subject to the Limitations and Exclusions of the policy, for that Covered Person, whichever occurs first. However, regardless of the age of the Covered Person on the Effective Date of the rider, this benefit will accrue for a period of at least five years unless a Specified Health Event is diagnosed prior to the fifth year of coverage. (If the rider is Individual coverage, no further premium will be billed for the rider after the payment of benefits.)

SPECIFIED HEALTH EVENT RECOVERY BENEFIT RIDER: (Series A74051) Applied for ❑ Yes ❑ No

SPECIFIED HEALTH EVENT RECOVERY: A Covered Person will be considered in Specified Health Event Recovery if he or she continues to be under the active care and treatment by a Physician for a covered Specified Health Event OR he or she is unable to engage in the duties of his or her regular occupation due to a covered Specified Health Event. "Specified Health Event" includes Heart Attack, Stroke, End-Stage Renal Failure, Major Human Organ Transplant, Third-Degree Burns, Persistent Vegetative State, Coma, Paralysis, Coronary Artery Bypass Graft Surgery (CABG), or Sudden Cardiac Arrest occurring on or after the Effective Date of coverage under the rider. (If the rider is Individual coverage, no further premium will be billed for the rider after the payment of lifetime maximum benefits.)

SPECIFIED HEALTH EVENT RECOVERY BENEFIT: Aflac will pay $500 per month while a Covered Person remains in Specified Health Event Recovery upon receipt of written proof of Loss from that person's Physician.

Lifetime maximum of six months per Covered Person.

(5) Exceptions, Reductions, and Limitations of the Policy (not a daily hospital expense plan):

A. Aflac will not pay benefits for any Loss that is caused by a Pre-existing Condition unless the Loss occurs more than 12 months after the Effective Date of coverage.

B. Aflac will not pay benefits for any Loss that is diagnosed or treated outside the territorial limits of the United States or its possessions.

C. Aflac will not pay benefits whenever coverage provided by the policy is in violation of any U.S. economic or trade sanctions. If the coverage violates U.S. economic or trade sanctions, such coverage shall be null and void.

D. For any benefit to be payable, the Loss must occur on or after the Effective Date of coverage and while coverage is in force. If more than one Specified Health Event per Covered Person occurs on the same day, only the highest eligible benefit will be paid.

E. Aflac will not pay benefits whenever fraud is committed in making a claim under the coverage or any prior claim under any other Aflac coverage for which benefits were received that were not lawfully due and that fraudulently induced payment.

F. The policy does not cover Losses or confinements caused by or resulting from:

1. Alcoholism or drug addiction;
2. Using any narcotic, hallucinogen, or chemical substance (unless administered by a Physician), or voluntarily taking any kind of poison or inhaling any kind of gas or fumes;

Benefits will not be payable for any Loss that is caused by a Pre-existing Condition unless the Loss occurs more than 12 months after the Effective Date of coverage.

(6) Renewability: The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud or have made an intentional misrepresentation of material fact relating in any way to the policy, including claims for benefits under the policy. Premium rates may change only if changed on all policies of the same form number and class in force in your state.

(7) Payment of Claims: All benefits will be payable to you unless assigned by you or by operation of law. Any accrued benefits unpaid at your death will be paid to your estate. Newborn children are automatically covered under the terms of the policy from the moment of birth. If individual or named insured/spouse only coverage is in force and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 31 days of the child's birth. Upon notification, Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due, if any. The heart attack must occur on or after the effective date of coverage and while coverage is in force for benefits to be payable. Sudden cardiac arrest is not a heart attack.

HOSPITAL: a legally operated institution licensed by the state in which it is located that maintains and uses a laboratory, X-ray equipment, and an operating room on its premises or in facilities available to it on a prearranged, written, contractual basis. The institution must also have permanent and full-time facilities for the care of overnight-resident bed patients under the supervision of one or more licensed physicians, provide 24-hour-a-day nursing service by or under the supervision of a registered professional nurse, and maintain the patients' written histories and medical records on the premises. PERSISTENT VEGETATIVE STATE: a state of severe mental impairment in which only involuntary bodily functions are present for a continuous period of at least 30 days and for which there exists no reasonable expectation of regaining significant cognitive function. The procedure for establishing a persistent vegetative state is as follows: two physicians, one of whom must be the attending physician, who, after personally examining the covered person, shall certify in writing, based upon conditions found during the course of their examination, that:

1. The covered person's cognitive function has been substantially impaired; and
2. There exists no reasonable expectation that the covered person will regain significant cognitive function.

Stroke does not mean head injury, transient ischemic attack (TIA), cerebrovascular insufficiency, or lacunar infarction (LACI).

SUDDEN CARDIAC ARREST: sudden, unexpected loss of heart function in which the heart abruptly and without warning stops working as a result of an internal electrical system malfunction of the heart. Any death where the sole cause of death shown on the death certificate is cardiovascular collapse, sudden cardiac arrest, cardiac arrest, or sudden cardiac death shall be deemed to be sudden cardiac arrest for purposes of the policy. Sudden cardiac arrest is not a heart attack.

The damage must be caused by heat, electricity, radiation, or chemicals. This does not include skin abrasions caused by falling on and scraping skin on asphalt, concrete, or any other surface.
