## DEFINITIONS

**Accidental Injury** means accidental bodily damage to an insured resulting from an unforeseen and unexpected traumatic event. This must be the direct result of an accident and not the result of disease or bodily infirmity. **A Covered Accidental Injury** is an accidental injury that occurs while coverage is in force. **A Covered Accident** is an accident that occurs on or after an insured’s effective date while coverage is in force, and that is not specifically excluded by the plan.

**Ambulatory Surgical Center** is defined as a licensed surgical center consisting of an operating room; facilities for the administration of general anesthesia; and a post-surgery recovery room in which the patient is admitted and discharged within a period of less than 24 hours.

**Dependent Child or Dependent Children** means your or your spouse’s natural children, step-children, grandchildren who are in your legal custody and residing with you, foster children, children subject to legal guardianship, legally adopted children, or children placed for adoption, who are younger than age 26 (and in Louisiana, unmarried). Newborn children may be automatically covered from the moment of birth for 60 days. Newly adopted children (and foster children in North Carolina and Florida) may also be automatically covered for 60 days. See certificate for details.

**Doctor** is a person who is duly qualified as a practitioner of the healing arts acting within the scope of his license, and is licensed to practice medicine; prescribe and administer drugs; or to perform surgery, or is a duly qualified medical practitioner according to the laws and regulations

in the state in which treatment is made.

In Montana, for purposes of treatment, the insured has full freedom of choice in the selection of any licensed physician, physician assistant, dentist, osteopath, chiropractor, optometrist, podiatrist, psychologist, licensed social worker, licensed professional counselor, acupuncturist, naturopathic physician, physical therapist, speech-language pathologist, audiologist, licensed addiction counselor, or advanced practice registered nurse.

**A Doctor** does not include the insured or an insured’s family member. In South Dakota however, a doctor who is an employee’s family member may treat the insured if that doctor is the only doctor in the area and acts within the scope of his practice. For the purposes of this definition, family member includes the employee’s spouse as well as the following members of the employee’s immediate family son, daughter, mother, father, sister, and brother. This includes step-family members and family-members-in-law.

The term **Hospital** specifically excludes any facility not meeting the definition of hospital as defined in this plan, including but not limited to:

- A nursing home,
- A rehabilitation facility,
- An extended-care facility,
- A facility for the treatment of alcoholism or drug addiction, or
- A skilled nursing facility,
- A rest home or home for the aged,
- An assisted living facility.

**Spouse** is your legal wife, husband, or partner in a legally recognized union. Refer to your certificate for details.

**Telemedicine Service** means a medical inquiry with a doctor via audio or video communication that assists with a patient’s assessment, diagnosis, and consultation.

**Treatment** is the consultation, care, or services provided by a doctor. This includes receiving any diagnostic measures and taking prescribed drugs and medicines. Treatment does not include telemedicine services.

**Urgent Care** is a walk-in clinic that delivers ambulatory, outpatient care in a dedicated medical facility for illnesses or injuries that require immediate care but that are not serious enough to require a visit to an emergency room.
