AFLAC VISION INSURANCE

Policy Series QNV1000

Your vision is our focus

Vision correction is just one of the reasons to get your eyes examined. Getting regular eye exams is a great way to spot eye disease early and preserve your vision. Eye diseases are common and may go unnoticed for a long time. Some don't even show symptoms in the beginning. It's important to discover them in the early stages when treatment can be most effective. While it's important for adults, it's just as important for children to have early vision screenings. Healthy eyes and vision are a critical part of a child's development.

But did you know that your eye care professional can also spot other conditions during a regular eye exam – like high blood pressure or diabetes? Some say eyes are the window to the soul, but they can also be the window to your overall health.

Why choose Aflac vision insurance?

Aflac's vision insurance helps to make it easy and more affordable to get regular eye exams and much more. You may select the eye care provider of your choice.

We make it easy to find a provider. You can visit www.aflac.com/VisionNetwork and click "Provider Search" or call Davis Vision directly at **1.800.999.5431**. You'll have access to more than 85,000 providers throughout the United States.

TERMS YOU NEED TO KNOW

Co-pay: an insured person's share of the costs for covered services or materials that are provided by an in-network provider. The co-pay is paid directly to the provider at the time services are rendered. Co-pay amounts are listed in the Schedule of Benefits.

Contact Lenses: contact lenses an insured person elects to wear instead of eyeglasses for reasons of comfort or appearance.

Contact Lenses, Non-Elective: contact lenses that are prescribed solely for the purpose of correcting one of the following medical conditions. These conditions prevent the insured person from achieving a specified level of visual acuity (performance) through the wearing of conventional eyeglasses.

- Aphakia (after cataract surgery).
- When visual acuity cannot be corrected to 20/70 in the better eye except through the use of contact lenses (must be 20/60 or better).
- Anisometropia of 4.0 diopters or more, provided visual acuity improves to 20/60 or better in the weak eye.
- Keratoconus.

Covered Services or Materials: the materials that qualify for benefits under the plan. Covered services or materials are shown in the Schedule of Benefits.

Eligible Dependent: someone who is residing in the United States and who is:

- Your legally married spouse or partner in a legally recognized union; or
- Your or your spouse's natural child, stepchild, legally adopted child, child in your custodial care pursuant to a court order, or child for whom you have been appointed as legal guardian, who is under age 26.

Other stipulations may apply. See your certificate for details. The definition of spouse and children vary by state.

Eyeglass Lenses: a standard glass or plastic (CR39) lens, which is optically clear, that will fit an eye glass frame with a lens size less than 61mm in length. Standard multifocal lenses include segments through flat top 35 for plastic bifocal and lenticular lenses, through flat top 28 for glass trifocals, and through flat top 35 for plastic trifocals.

In-network provider: an ophthalmologist, optometrist or optician who has entered into an agreement with the administrator to provide covered services or materials at an agreed-to cost. (In Utah, a provider who has entered into an agreement with the administrator to provide covered services or materials at an agreed-to cost.) When an in-network provider is used, the insured person will generally incur less out-of-pocket cost for the services rendered.

Ophthalmologist: a person who is licensed by the state in which he or she practices as a doctor of medicine or osteopathy and is qualified to practice within the medical specialty of ophthalmology.

The ophthalmologist cannot be 1) the insured person; 2) a family member (In South Dakota, unless the family member is the only ophthalmologist in the area and is acting within the scope of practice); or 3) retained by the policyholder. (In Utah, this is not applicable; In Texas, the stipulations 1, 2, and 3 are not applicable.)

Optician: a person or business that grinds and/or dispenses eyeglass lenses and contact lenses prescribed by either an optometrist or ophthalmologist. The optician cannot be 1) the insured person; 2) a family member (In South Dakota, unless the family member is the only optician in the area and is acting within the scope of practice); or 3) retained by the policyholder. The optometrist cannot be 1) the insured person; 2) a family member (In South Dakota, unless the family member is the only optometrist in the area and is acting within the scope of practice); or 3) retained by the policyholder. (In Utah, this is not applicable; In Texas, the stipulations 1, 2, and 3 are not applicable.)

Out-of-network provider: an ophthalmologist, optometrist or optician who is not an in-network provider. (In Utah, provider who is not an in-network provider.) These providers have not entered into an agreement with us to limit their charges. They are not listed in the in-network provider directory. In Kentucky, we will not discriminate against any provider located within the geographic coverage area who is willing to meet the terms and conditions for participation established by us.

In Utah, **Provider:** any legally qualified medical provider acting within the scope of their license. A physician includes ophthalmologists, opticians and optometrists. Such physician cannot be 1) the insured person; 2) a family member; or 3) retained by the policyholder.

EFFECTIVE DATE PROVISIONS

Eligible members and eligible dependents

Coverage takes effect on the certificate effective date shown on your ID card.

Additional dependents

The effective date of any newly acquired eligible dependent will be governed by the same rules as described above under the heading "eligible members and eligible dependents." You must first complete, sign and submit to us a new enrollment form for all your additional dependents, including newborn children, and submit the additional premium, if any. However, newborn children will be covered for the first 90 days following their birth. To continue coverage beyond that 90-day period, you must notify us in writing of the child's date of birth at any time during the 90-day period.

Other stipulations may apply. See your certificate for details. The definition of spouse and children vary by state.

TERMS YOU NEED TO KNOW

TERMINATION PROVISIONS

Insured members

All of your insurance under the policy will terminate at 11:59 p.m. (In South Carolina, 12:00 a.m.) at the main office of the policyholder on the earliest of the following dates:

- The date the policy terminates;
- The last day of the month in which you cease to be an eligible member;
- The date you die; or
- On any premium due date, when full payment for insurance is not made within the grace period. (In Nevada, when any premium due, is not made before the end of the grace period.)

If an event that is described above occurs, written notice must be provided to us, by you or the policyholder, within 31 days of such event.

In West Virginia, however, if the insured member is involuntarily laid off from work with the employer, the insured member may continue coverage for a maximum of 18 months by paying the premium due on a monthly basis at the group premium rate currently in force. If any premium is not paid when due, the insured member's coverage will be canceled as of the premium due date, subject to the grace period provision. If the employer's premium rate changes, the insured member's premiums will also change.

In Connecticut, the policyholder must inform you if the policy terminates for any reason other than nonpayment of premium at least 15 days prior to the effective date of termination unless similar coverage becomes effective immediately upon termination with no interruption in coverage.

Insured dependents

Your dependent's insurance under the policy will terminate at 11:59 p.m. (In South Carolina, 12:00 a.m.) at the main office of the policyholder on the earliest of the following dates:

- On any premium due date, when full payment for insurance is not made within the grace period (In Nevada, when any premium due, is not made before the end of the grace period); or
- The date we receive your request to terminate dependent coverage subject to any limitation imposed by the policyholder.

If an event that is described above occurs, written notice must be provided to us, by you or the policyholder, within 31 days of such event.

Notice required when your coverage terminates

We must be informed promptly, by you or the policyholder, when your status as an eligible member terminates for any reason. Failure to provide timely notice will not continue your insurance past the time it would have otherwise ended as provided above.

In the event premiums have been paid to us on your behalf after your coverage should have terminated, we will refund the premium for the period for which premiums were paid in error up to a maximum of three policy months or to the last policy anniversary, whichever is less. (In Kentucky, in the event premiums have been paid to us on your behalf after your coverage should have terminated, we will refund the premium for the period for which premiums were paid in error.) If we are not notified that your coverage is terminated and we pay any benefits for your covered services or materials incurred after the date your coverage terminated, the full amount of those benefits will be considered an overpayment which must be repaid to us.

Other stipulations may apply. See your certificate for details.
