Your vision is our focus

Vision correction is just one of the reasons to get your eyes examined. Getting regular eye exams is a great way to spot eye disease early and preserve your vision. Eye diseases are common and may go unnoticed for a long time. Some don't even show symptoms in the beginning. It's important to discover them in the early stages when treatment can be most effective. While it's important for adults, it's just as important for children to have early vision screenings. Healthy eyes and vision are a critical part of a child's development.

But did you know that your eye care professional can also spot other conditions during a regular eye exam – like high blood pressure or diabetes? Some say eyes are the window to the soul, but they can also be the window to your overall health.

Why choose Aflac vision insurance?

Aflac's vision insurance helps to make it easy and more affordable to get regular eye exams and much more. You may select the eye care provider of your choice.

EFFECTIVE DATE PROVISIONS

Eligible members and eligible dependents

Coverage takes effect on the certificate effective date shown on your ID card.

Additional dependents

The effective date of any newly acquired eligible dependent will be governed by the same rules as described above under the heading "eligible members and eligible dependents." You must first complete, sign and submit to us a new enrollment form for all your additional dependents, including newborn children, and submit the additional premium, if any. However, newborn children will be covered from the moment of birth for the first 90 days following their birth. Legally adopted children or foster children will be covered from the date of placement for the first 90 days following their placement. To continue coverage beyond that 90-day period, you must notify us in writing of the child's date of birth or date of placement for adoption at any time during the 90-day period. There will be additional premium required if you change from individual to family coverage. If family coverage is already in place, no additional premium will be due.

Other stipulations may apply. See your certificate for details.
