AFLAC JUVENILE LIFE

WHOLE AND TERM LIFE INSURANCE

Policy Series B61000

Options for coverage, protection for your loved ones

Aflac juvenile life offers two options to fit more levels of protection and budgets.

Juvenile whole life

Coverage amount doubles on the policy anniversary following the named insured's 18th birthday, with no increase in premium.

Aflac juvenile whole life offers:

- Eligibility for children between the ages of 14 days and 17 years.
- Coverage amounts of \$10,000, \$20,000 and \$30,000.

Cash value

Loans on the policy's cash value can be used to assist with college tuition, help with a down payment on a first home or other essential needs.

Guaranteed future insurability

Aflac's juvenile whole life policy allows the child to be covered as long as premiums are paid, regardless of the child's future health. This means that even if your child develops a serious medical condition at a young age, which could make life insurance as an adult cost-prohibitive or difficult to obtain, he or she would still have coverage.

Juvenile term life

Aflac juvenile term life offers:

- Eligibility for children between the ages of 14 days and 17 years.
- Coverage amounts of \$10,000, \$20,000 and \$30,000.

Guaranteed future insurability

Aflac's juvenile term life policy covers the child until their 25th birthday. At that time, the insured can convert the existing in-force policy to an individual whole life policy, with up to double the face amount of the current policy without evidence of insurability. This means even if your child develops a serious medical condition in their youth, which could make life insurance as an adult cost-prohibitive or difficult to obtain, he or she would still have coverage.

WHAT IS NOT COVERED

The policy's death benefit will not be payable if the named insured commits suicide, while sane or insane, within two years from the policy effective date. Benefits will be limited to a refund of all premiums paid, less any indebtedness.
