How we can help

No one likes to think he or she needs life insurance. But when people depend on you, assuring their financial futures with life insurance benefits is simply the right thing to do.

- **Premiums are guaranteed for the selected term option** – You will know how much your coverage will cost from month to month and year to year.
- **Portable** – You can take the plan with you if you change jobs or retire.
- **Payroll deduction** – Your premiums can be deducted from your paycheck.

Why choose Individual Term Life insurance?

- **Higher face amount** – Term life insurance offers the most face amount coverage for the lowest cost.
- **Lower premiums** – Depending on your age and smoking status, term life premiums may be lower than those for whole life insurance policies.
- **Flexible coverage** – Provides protection for a specified time period or term - 10, 20, or 30 years - and is designed for temporary circumstances. Term coverage often is purchased by those who need coverage for a specific time period, such as while they have young children, children in college, or are carrying a large debt load.

How it works

The above example is based on a scenario for 20-year term life insurance that includes the following benefit conditions: \$50,000 death benefit, \$50,000 accidental-death benefit, and \$5,000 seatbelt benefit.

Benefits and/or premiums may vary based on state and benefit option selected. The policy has limitations and exclusions that may affect benefits payable. Riders are available for an additional cost. The policy may contain a waiting period. This brochure is for illustrative purposes only. Refer to the policy for benefit details, definitions, limitations and exclusions.

INDIVIDUAL TERM LIFE INSURANCE

WHAT IS COVERED?

ACCELERATED DEATH BENEFIT – PRIMARY INSURED ONLY

You may request 50 percent of the face amount selected if the named insured is diagnosed with a terminal illness. The payment can help you and your loved ones with the expenses of a terminal illness (such as home nursing care, special equipment, and hospitalization). This benefit will be paid only once.²

Any Accelerated Death Benefit payment will automatically establish a lien against the policy. Aflac shall hold the lien as a debt against the death benefit and policy benefits. Any Accelerated Death Benefit payment amount requested will be reduced by the amount of any due and unpaid premiums, and the administrative charge.

CONVERSION

You may convert the policy while it is in force to an individual permanent life policy without evidence of insurability, subject to policy requirements. The conversion privilege in the term policies must be exercised on or before the earliest of the policy expiration date and the anniversary date following your 70th birthday. Refer to the exact policy for complete details.
