When someone is depending on you for financial security, **you can count on Aflac for Life.**

You can choose the face amount that fits your budget as well as your lifestyle. If something happens to you, your loved ones will have cash benefits that can help with:

### Why choose Whole Life insurance?

- **Available cash** – You can borrow from the certificate's cash value to help pay medical expenses, college tuition or any other bills you may have.
- **Increase in the cash value** – Any increase in the cash value of a life certificate is not subject to income tax while the cash remains in the certificate.
- **Guaranteed coverage** – Coverage continues for as long as you pay your premiums.
- **Advanced claim payment** – Pays \$5,000 in advance of the full death benefit to help the beneficiary with immediate needs.
- **Accelerated Death Payment for a Terminal Illness** – Pays up to 50% of the face amount shown in the Certificate Schedule.

### Advantages:

- Benefits are paid directly to your named beneficiary.
- Portable coverage, so you can take it with you if you change jobs or retire.
- Convenient premium payment through payroll deduction.

### How it works

The above example is based on a scenario for whole life insurance with a \$200,000 face amount.

This is a brief product overview only. Coverage may not be available in all states. Benefits/premium rates may vary based on coverage selected. Optional riders are available at an additional cost. The plan has limitations and exclusions that may affect benefits payable. Refer to the plan for complete benefit details, definitions, limitations and exclusions.

## WHAT IS COVERED?

<b>ADVANCED CLAIM PAYMENT - PRIMARY INSURED ONLY</b>	Aflac may pay \$5,000 upon the death of the named insured and notification by the beneficiary. This can be used to help with immediate needs – like funeral expenses or any other unexpected expenses. The death benefit will be reduced by this amount.
<b>ACCELERATED DEATH PAYMENT FOR A TERMINAL ILLNESS - PRIMARY INSURED ONLY</b>	Aflac will pay up to 50 percent of the face amount selected if the named insured is diagnosed with a terminal illness. The payment can help you and your loved ones with the expenses of a terminal illness (such as home nursing care, special equipment, and hospitalization). The benefit will be paid only once.

## OPTIONAL RIDERS

<b>SPOUSE 10-YEAR TERM LIFE INSURANCE RIDER (RIDER ICC18Q60050) (ISSUE AGES 18-70)</b>	Aflac will pay up to 50 percent of the certificate's face amount, up to a maximum of \$50,000, for life insurance coverage on the named insured's spouse.
<b>CHILD TERM LIFE INSURANCE RIDER (RIDER ICC18Q60053) (ISSUE AGES 14 DAYS-19 YEARS)</b>	Aflac will pay \$15,000 for life insurance coverage for each insured dependent child up to age 25. To become insured, the child must be at least 14 days old and younger than 20 years old at the time of application. Insurance on each newborn child will become effective on the later of: (1) the date the child attains the age of 14 days, or (2) the date the child is first released from the hospital after birth.

## LIMITATIONS AND EXCLUSIONS

Any death benefit of the certificate will not be payable if the named insured commits suicide or if anyone covered by additional riders commits suicide, while sane or insane, within two years from the certificate or rider effective date. All premiums paid will be refunded, less any indebtedness.

The advanced claim payment will not be payable if the named insured's death occurs less than two years after the certificate effective date.

Any accelerated death payment will automatically establish a lien against the certificate. Aflac shall hold the lien as a debt against the death benefit, certificate benefits, cash values, any outstanding certificate loans and/or any other certificate liens in existence under the certificate. Any accelerated death payment amount requested will be reduced by any existing due and unpaid premiums, statutory child support liens, loans or liens secured by the certificate, plus unpaid interest and the administrative charge.

The Accelerated Death Payment for a Terminal Illness will not be paid:

- If the named insured or his/her physician resides outside the United States and its territories;
- If you are required by law to accelerate benefits to meet the claims of creditors;
- If a government agency requires you to apply for benefits to qualify for a government benefit or entitlement; or
- If the certificate is being continued as reduced paid-up life insurance or extended-term life insurance.

During the first 24 months of total disability, total disability means the named insured is unable to engage in their job due to sickness or accidental injury. After the first 24 months of total disability, total disability means the named insured, due to sickness or accidental injury, is unable to engage in their job and unable to perform the substantial and material duties of any other job for which the named insured may become reasonably suited by education, training or experience.
